**THIS IS A LEGAL AGREEMENT BETWEEN LICENSEE, OR USER AND BIOLASE TECHNOLOGY, INC. ("BIOLASE TECHNOLOGY"). THIS AGREEMENT APPLIES TO LICENSES ISSUED VIA THE WEB AND VIA LOCAL SALES REPRESENTATIVES, AND IS APPLICABLE TO ONLINE, DIGITAL AND ANALOGUE (PHYSICAL) DELIVERY OF LICENSED MATERIAL (THE "AGREEMENT").**

"Licensed Material" means any still image, film or video footage, audio product, visual representation generated optically, electronically, digitally or by any other means, including any negatives, transparencies, film imprints, prints, original digital files or any Reproductions thereof, or any other product protected by copyright, trademark, patent or other intellectual property rights, which is licensed to Licensee by Biolase Technology under the terms of this Agreement. Any reference in this Agreement to the Licensed Material shall be to each individual item within the Licensed Material and also to the Licensed Material as a whole.

"Licensee" means the person or entity using a license hereunder or if there is a separate User, the person or entity specifically designated as Licensee during the purchase process and set forth as such in the Invoice.

"User" means a person or entity using the license hereunder on behalf of a third party Licensee.

"Reproduction" and "Reproduce" mean any form of copying or publication of the whole or a part of any Licensed Material, via any medium and by whatever means, and the distortion, alteration, cropping or manipulation of the whole or any part of the Licensed Material and the creation of any derivative work from the Licensed Material.

"Rights and Restrictions" means the information: (i) accompanying the Licensed Material on the Biolase Technology' website (including all areas of the purchase process); (ii) in the Invoice; (iii) in the editorial feed; or (iv) in any other written communication accompanying the Licensed Material. Such restrictions may include, without limitation, the permitted scope of use, any territory or other use restrictions applicable to the Licensed Material selected, and the corresponding price for the license of such Licensed Material. The Rights and Restrictions shall be incorporated into this Agreement and all references to the Agreement shall include the Rights and Restrictions.

### **Grant of Rights & Restrictions.**

Biolase Technology grants to Licensee a non-exclusive, non-sublicensable and non-assignable right to use and Reproduce the Licensed Material identified in the Rights and Restrictions, solely to the extent explicitly stated in this Agreement. This right may be exercised by subcontractors of Licensee (including User) for preparation of the final product for the licensed use, provided that such subcontractors agree to abide by the terms of this Agreement.

Use of the Licensed Material is strictly limited to the use, medium, period of time, print run, placement, size of Licensed Material, territory and any other restrictions specified in the Rights and Restrictions.

## BRAND IMAGE LIBRARY AGREEMENT

Licensee may utilize the Licensed Material in any production process that may be necessary for the intended use specified in the Rights and Restrictions.

Unless additional rights are stipulated in the Rights and Restrictions or granted pursuant to a separate license agreement, Editorial Licensed Material may not be used for any commercial, promotional, advertising or merchandising use other than the advertisement of Waterlase Dentistry within the User's dental practice.

Editorial Licensed Material may be cropped, provided that the editorial integrity of the Licensed Material is not compromised, but shall not, under any circumstances, otherwise be rotated, altered, changed or tampered with, either manually or electronically, without Biolase Technology' express written permission.

While efforts have been made to correctly caption the subject matter of the Licensed Material, Biolase Technology does not warrant that such information is accurate.

Pornographic, defamatory or otherwise unlawful use of Licensed Material is strictly prohibited, whether directly or in context or juxtaposition with specific subject matter.

Licensed Material shall not be incorporated into a logo, trademark or service mark.

Licensee may not make the Licensed Material available in any medium in a manner intended to allow or invite persons to download or extract the Licensed Material.

Licensed Material may not be modified, reconfigured or repurposed for use in any mobile-directed web sites or mobile applications that are specifically created for viewing of Licensed Material on mobile devices, without obtaining the prior written consent of Biolase Technology.

Unless otherwise authorized by applicable law or specified in the Rights and Restrictions, Licensee may not, directly or indirectly, reproduce the final product of the licensed use in any secondary reproductions, such as compilations or screen shots. Such Reproductions require an additional license from Biolase Technology and may be subject to payment of additional license fees.

Licensed Material shall not be used contrary to any restriction on use that is provided to Licensee prior to or at the time the Licensed Material is delivered to Licensee. Such restrictions may be included in the Rights and Restrictions or in any other written communication from Biolase Technology. Any such restriction provided to Licensee shall be incorporated into and become part of this Agreement.

Where User is licensing Licensed Material on behalf of a Licensee, User hereby represents and warrants that: (i) User is authorized to act as an agent on behalf of Licensee and has full power and authority to bind Licensee to this Agreement; and (ii) if Licensee disputes User's power and authority to act on behalf of Licensee with respect to this Agreement, User shall be bound and liable for any failure of Licensee to comply with the terms of this Agreement. Nothing in this Section 2.12 shall serve to excuse User's obligation to make payment to Biolase Technology for the Licensed Material.

### **Releases.**

Biolase Technology has obtained a model release and/or a property release for Licensed Material, either in the Rights and Restrictions or by written notice to Licensee. The warranty and indemnity set forth in Sections 5.1(iv) and 6.1 below are only provided if and when such written notification is given. If no such notification is given, then no such model or property release has been obtained. Licensee acknowledges that some jurisdictions provide legal protection against a person's image, likeness or property being used for commercial purposes without their consent. Neither Biolase Technology nor any party on whose behalf Biolase Technology licenses Licensed Material (each, a "Licensor") makes any representations or warranties as to whether any additional fees or payments may be due to any person depicted in Licensed Material pursuant to the requirements of any applicable trade union, and Licensee shall be solely responsible for any such additional fees or payments to such trade union.

Except where Licensee is specifically notified that a model and/or property release has been obtained by Biolase Technology, neither Biolase Technology nor any Licensor grants any rights or makes any warranties with regard to the use of names, people, trademarks, trade dress, logos, registered, unregistered or copyrighted audio, designs or works of art or architecture depicted in any Licensed Material. Licensee shall be solely responsible for determining whether a release is required in connection with any proposed use of Licensed Material, and Licensee shall be responsible for obtaining any required release. As to any release delivered with any Editorial Licensed Material, neither Biolase Technology, nor any Licensor, makes any representation, warranty or guarantee as to its sufficiency with regard to any use of the Licensed Material made by Licensee. third parties as may be required for the Licensee's use of the Licensed Material prior to using the Licensed Material.

If any Licensed Material (other than Editorial Licensed Material) featuring a model or property is used in connection with a subject that would be unflattering or controversial to a reasonable person, Licensee must accompany each such use with a statement that indicates that: (i) the Licensed Material is being used for illustrative purposes only; and (ii) any person depicted in the Licensed Material, if any, is a model.

### **Warranty and Limitation of Liability.**

Biolase Technology warrants that: (i) it has all necessary rights and authority to enter into and perform this Agreement; (ii) Licensee's use of the Licensed Material in its original form, and when used in accordance with this Agreement, will not infringe on any copyrights or moral rights of any person or entity; and (iii) if a release is provided by Biolase Technology pursuant to Section 4.1, Licensee's use of the Licensed Material in its original form, and when used in accordance with this Agreement will not infringe on any trademark or other intellectual property right and will not violate any right of privacy or right of publicity.

NEITHER BIOLASE TECHNOLOGY NOR ANY LICENSOR MAKES ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, REGARDING THE LICENSED MATERIAL OR ITS DELIVERY SYSTEMS, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. NEITHER BIOLASE TECHNOLOGY NOR ANY LICENSOR SHALL BE LIABLE TO LICENSEE OR ANY OTHER PERSON OR ENTITY FOR ANY PUNITIVE, SPECIAL, INDIRECT, CONSEQUENTIAL OR INCIDENTAL DAMAGES, OR ANY OTHER DAMAGES, COSTS OR LOSSES ARISING OUT OF THIS AGREEMENT, EVEN IF BIOLASE TECHNOLOGY OR ITS LICENSORS, AS APPLICABLE, HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, COSTS OR LOSSES. SOME JURISDICTIONS DO NOT PERMIT THE EXCLUSION OR LIMITATION OF IMPLIED WARRANTIES OR LIABILITY FOR CERTAIN CATEGORIES OF DAMAGES.

### **Indemnification.**

Provided Licensed Material is only used in accordance with this Agreement and Licensee is not otherwise in breach of this Agreement and as Licensee's sole and exclusive remedy for any alleged or actual breach of the representations and warranties set forth in Section 5 above, Biolase Technology shall defend, indemnify and hold Licensee and its parent, subsidiaries and commonly owned or controlled affiliates and their respective officers, directors and employees harmless from all damages (except punitive damages not directly attributable to acts of Biolase Technology), liabilities and expenses (including reasonable attorneys' fees and permitted and authorized costs) arising out of or connected with any actual or threatened lawsuit, claim or legal proceeding alleging that Biolase Technology is in breach of its warranties set forth above. The foregoing states Biolase Technology's entire indemnification obligation under this Agreement.

Licensee shall defend, indemnify and hold Biolase Technology and its parent, subsidiaries and commonly owned or controlled affiliates and their respective officers, directors and employees harmless from all damages (except punitive damages not directly attributable to acts of Licensee), liabilities and expenses (including reasonable attorneys' fees and permitted and authorized costs) arising out of or as a result of claims by third parties relating to: (i) Licensee's use of any Licensed Material outside the scope of this Agreement; (ii) any other actual or alleged breach by Licensee of this Agreement; or (iii) Licensee's failure to obtain any required release.

The party seeking indemnification pursuant to this Section shall promptly notify the other party of such claim. At indemnifying party's option, indemnifying party may assume the handling, settlement or defense of any claim or litigation, in which event indemnified party shall cooperate in the defense of any such claim or litigation. Indemnified party shall have the right to participate in such litigation, at its expense, through counsel selected by indemnified party. The indemnifying party will not be liable for legal fees and other costs incurred prior to the other party giving notice of the claim for which indemnity is sought.

### **Condition of Licensed Material**

Licensee should examine all Licensed Material for possible defects (whether digital or otherwise) before sending any Licensed Material for Reproduction. Without prejudice to Section 5.1.(ii) above, Biolase Technology shall not be liable for any loss or damage suffered by Licensee or any third party, whether directly or indirectly, arising from any alleged or actual defect in any Licensed Material or its caption or in any way from its Reproduction.

### **License Cancellation**

Biolase reserves the right to cancel this agreement with written notification to User, at which time User will have 90 days to cease using any materials provided by this agreement.

### **Miscellaneous Terms.**

## BRAND IMAGE LIBRARY AGREEMENT

Unauthorized Use. Any use of Licensed Material in a manner not expressly authorized by this Agreement or in breach of a term of this Agreement constitutes copyright infringement, entitling Biolase Technology to exercise all rights and remedies available to it under copyright laws around the world. Licensee shall be responsible for any damages resulting from any such copyright infringement, including any claims by a third party. In addition and without prejudice to Biolase Technology' other remedies under this Agreement, Biolase Technology reserves the right to charge and Licensee agrees to pay a fee equal to up to five (5) times Biolase Technology' standard license fee for the unauthorized use of the Licensed Material.

### **Audit/Certificate of Compliance**

Upon reasonable notice, Licensee shall provide sample copies of Reproductions containing Licensed Material to Biolase Technology. In addition, upon reasonable notice, Biolase Technology may, at its discretion, either through its own employees or through a third party, audit Licensee's records directly related to this Agreement and use of Licensed Material in order to verify compliance with the terms of this Agreement. Where Biolase Technology reasonably believes that Licensed Material is being used outside of the scope of the license granted under this Agreement, Licensee shall, at Biolase Technology' request, provide a certificate of compliance signed by an officer of Licensee, in a form to be approved by Biolase Technology.

Electronic Storage. For all Licensed Material that Licensee takes delivery of in electronic form, Licensee must retain the copyright symbol, the names of Waterlase Dentistry and Biolase Technology and the image number or other identification number associated with the Licensed Material as may be included as part of the electronic file containing the Licensed Material that is stored on Licensee's computers. Licensee may not make additional high-resolution copies of the Licensed Material and Licensee shall maintain a robust firewall to safeguard against unauthorized third-party access to the Licensed Material. Notwithstanding the foregoing, Licensee may make one (1) high-resolution backup copy of the Licensed Material for security purposes only. Upon the expiration or earlier termination of this Agreement, Licensee shall promptly delete and remove the Licensed Material from Licensee's premises, computer systems and storage (electronic or physical) and shall ensure that its subcontractors do likewise.

### **Withdrawal**

Upon notice from Biolase Technology, or upon Licensee's knowledge that any Licensed Material is subject to a threatened or actual claim of infringement, violation of another right, or any other claim for which Biolase Technology may be liable herein, or if Biolase Technology withdraws any Licensed Material for any good reason, Licensee will physically remove the Licensed Material from its premises, computer systems and storage (electronic or physical) and, if possible, cease any future use at its own expense. Biolase Technology shall provide Licensee with comparable Licensed Material (which comparability will be determined by Biolase Technology in its reasonable commercial judgment) free of charge, but subject to the other terms and conditions of this Agreement.

BRAND IMAGE LIBRARY AGREEMENT

**Governing Law**

This Agreement will be governed in all respects by the laws of the State of New York, U.S.A., without reference to its laws relating to conflicts of law. Any disputes arising from this Agreement or its enforceability shall be settled by binding arbitration to be held in one of the following jurisdictions (whichever is closest to Licensee's corporate headquarters, if Licensee is an entity, or principal residence, if Licensee is an individual): Seattle, Washington; New York, New York; London, England; Paris, France; or Singapore. The United Nations Convention on Contracts for the International Sale of Goods does not govern this Agreement. Notwithstanding the foregoing, Biolase Technology shall have the right to commence and prosecute any legal or equitable action or proceeding before any court of competent jurisdiction to obtain injunctive or other relief against Licensee in the event that, in the opinion of Biolase Technology, such action is necessary or desirable.

**Severability**

If one or more of the provisions contained in the Agreement is found to be invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions shall not be affected. Such provisions shall be revised only to the extent necessary to make them enforceable.

**Waiver**

No action of either party, other than express written waiver, may be construed as a waiver of any provision of this Agreement. A delay on the part of either party in the exercise of its rights or remedies will not operate as a waiver of such rights or remedies, and a single or partial exercise by either party of any such rights or remedies will not preclude other or further exercise of that right or remedy. A waiver of a right or remedy on any one occasion will not be construed as a bar to or waiver of rights or remedies on any other occasion.

**Entire Agreement**

This Agreement contains all the terms of the license agreement and no terms or conditions may be added or deleted unless made in writing and signed by an authorized representative of both parties. In the event of any inconsistency between the terms contained herein and the terms contained on any purchase order sent by Licensee, the terms of this Agreement shall govern.
